

The Intertwine Alliance

Being part of the larger network of The Intertwine Alliance has been an incredibly valuable experience for our staff. The coalition has provided space for new connections, learning opportunities, continued resources and ways to lean on one another. Friends of Trees would not be where it is today without the support from The Intertwine Alliance Equity & Inclusion Cohorts. Being part of these cohorts over the past few years has allowed us to navigate our equity work alongside partners like Metro, The Street Trust, Columbia Land Trust and many more.
