

Be a Stormwater Star!

Join your neighbors to learn the best ways to manage the rain that falls around your home

FREE Workshop:

Monday, December 10 from Noon–1pm
at SW Community Center (Gabriel Park)

All are welcome at these family friendly events! For requests of physical, cultural, technological or any other accomodation please contact us

Please RSVP – More info and sign up at swni.org/stormwater
Questions? watershed@swni.org or 503-823-2862

FREE Stormwater Stars workshops teach yard-scale stormwater management. Learn to:

- reduce rain water runoff
- improve soils and remove sod
- landscape with native plants
- remove pavement and create permeable pathways
- reduce erosion

WEST MULTNOMAH
Soil & Water Conservation District

Catch rain. Clean water. Build community.
