

Help Johnson Creek Watershed Council document the distribution of native fish species, lamprey and steelhead, through Johnson Creek.

When: Tuesday, Jan 17 th 6-8pm	Where: Native American Student & Community Center @ PSU
What: Training orientation for volunteer lamprey surveys. No experience required.	Who: ODFW, Wisdom of the Elders, PSU Indigenous Nations Studies Program, JCWC

How the surveys work:	
Meet new people, connect with the creek, & learn about native wildlife!	Search for evidence of spawning Pacific Lamprey and Steelhead
Time frame: 2 or more weekends between February and May	Surveys take approximately 3 hours to complete.
Walk sections of Johnson Creek in pairs	All equipment (waders, poles, life vests, etc.) provided

To learn more & RSVP: Contact Janel Hull: janel@jcwc.org or (503) 652-7477 ext. 107
