OR State Public Health Div.*

BOBBY COCHRAN, PH.D., M.A.

MODERATOR

Executive Director

Willamette Partnership

The World Forestry Center is bringing together a panel of experts to discuss the connection between forests, water quality, and human health. Join us in this conversation on what water utilities and public health officials are doing to meet these challenges.

Thursday, November 16, 2017
8:00–11:30 am

Doors open at 8:00 am for registration and continental breakfast.

\$15 General | \$5 Student
