

Invasive Species Survey

Community Science Volunteer Event

February 23rd
9:00am - 12:00pm

**Columbia Springs
Swift Classroom**
12208 SE
Evergreen Hwy.
Vancouver, WA

Free and open to
the public

Join us in a community science event to survey the invasive species on our site.

We will give a presentation to train you how to spot the common invasive species on our site. Groups will be set out to find survey plot points and record data. No experience necessary!

Bring boots you can wear off-trail, your smart phone to find data points, appropriate dress for the weather and your waterbottle. Training, tools, and snacks provided.

Questions? Contact Volunteer Coordinator at volunteering@columbiasprings.org
