

OSPREY WATCH 2018

© Stephen Young

Come and view Hillsboro's very own osprey family at the Jackson Bottom Wetlands and Preserve!

A pair of osprey have nested at Jackson Bottom every summer since 2013. This year, 2018, they hatched three chicks at the beginning of June. They keep getting bigger and bigger as their mom and dad feed them every day.

Come to Jackson Bottom Wetlands Preserve and take a 20 minute walk to the Pintail Pond Shelter where **Osprey Watch** volunteers are on hand with spotting scopes and binoculars to help you view activity at the nest and share information with you. See an osprey skull and an osprey egg. View photos from previous nesting seasons.

When: Weekends June 16 through August 4, 2018
10:30 am - 1:30 pm

Confirmed Dates: Call 503-681-6206 to confirm volunteers are on duty
or inquire at the Nature Center front desk when you arrive.

Where: Jackson Bottom Wetlands and Preserve
2600 SW Hillsboro Hwy

The best viewing will involve a walk of ~1 mile, round-trip, on level trails.
