uncertainty and resistance*

**9:00AM–12:00PM**

Living in a society where “bad news” for Earth is so prevalent and the future so uncertain, is authentic hope possible? In this three-hour workshop, through presentation and small group discussion, we will explore “hope,” its relationship to activism, and how to remain aligned with hope over time. For a preview, please see the 2011 **TEDx** talk by the Roys on hope.

**There is no cost for this workshop, but pre-registration is required.**
