

Salmon Surveyor Orientation

Survey Johnson
Creek watershed
for Salmon!
Orientation is
required,
experience is not!

Community Science

Did you know Johnson Creek still supports native salmon populations?
Come join us to record salmon species in your local watershed.

10/15 Orientation provides the training to conduct surveys. Survey dates
run October- December, volunteers choose their survey availability.

Free event, light refreshments and gear will be provided.

No experience necessary.

For registration and more information see link below.
