

# INTRO TO URBAN FORAGING WORKSHOP

Learn how to safely  
identify and prepare  
urban edible plants!

## Intro to Urban Foraging Workshop

Did you know edible plants grow ubiquitously in our urban areas? Some are the common ornamental plants we grow in our gardens and some are the weeds we cannot get rid of fast enough. Join Urban Forager, Eve Hanlin, to learn about these edible plants and discover an abundance of surprisingly delicious free food!

**When:** Saturday, April 14, 10am-Noon

**Where:** Columbia Springs Swift Classroom  
12208 SE Evergreen Hwy, Vancouver, WA

**Cost:** \$10/person fee (scholarships available, contact us for details)

**Pre-registration is required.** To learn more and register, visit:  
[www.columbiasprings.org/events](http://www.columbiasprings.org/events)
